

Care to Be the Best[®]

Neuroscience Nursing

"The Canadian Association of Neuroscience Nurses promotes continuing professional education and development and believes that the pursuit of CNA certification in neuroscience nursing not only demonstrates an individual commitment to excellence in neuroscience nursing practice and patient care, but also contributes to the advancement of neuroscience nursing and improved outcomes for people with neurological disorders."

Sue Kadyschuk, RN, MSN, CNN(C)

On behalf of the Canadian Association of Neuroscience Nurses

Did you know over 315 neuroscience RNs across Canada now have their national CNN(C) certification designation?

Alberta	41	British Columbia.....	27
