

# CANN SPRING EVENT

## CONCUSSION UPDATE: DIAGNOSIS, MANAGEMENT & PATIENT EXPERIENCE

You are cordially invited to join us for an evening with colleagues, dinner, and three dynamic concussion presentations that bridge research, symptom management, and the patient experience.

Renowned researcher and clinician Dr. D. Fraser will discuss concussion diagnosis, prognosis and treatment, sharing his groundbreaking discovery of a [concussion diagnosis blood test](#). Members of the team from Parkwood Institute's Acquired Brain Injury outpatient program will present their innovative management of persistent post-concussion symptoms. Nurse practitioner and parent Cheryl Talbot will share her lived experience of accessing and navigating concussion care in the present health care system and the impact of that on her family.

**DATE MAY 9<sup>TH</sup> 2017**
